## **EXAMINER'S AMENDMENT**

### ***Reason for Allowance***

Claims 1-2, 5-16, 18 and 20-23 are allowed for the following reasons:

The instant application is deemed to be directed to a nonobvious improvement over the invention patented in Pat. No. Ichikawa et al. (US 20030165167).

Claim 1 is allowed because the prior art of record, taken alone or in combination, fails to disclose or render obvious wherein the sub-mount further includes a bias-tee arranged in the sub-mount with the LD, the bias-tee superposing an RF signal onto a DC current of the LD; and a coplanar waveguide (CPW) and a matching resistor arranged in the sub-mount for transmitting the RF signal without distortion in combination with the rest of the limitations of the base claim. Claims 2, 5-15 are allowed by virtue of dependency. Claim 16 is allowed because the prior art of record, taken alone or in combination, fails to disclose or render obvious wherein the sub-mount includes; a coplanar waveguide and a matching resistor arranged in the sub-mount for transmitting the RF signal without, distortion, an RF choke including an inductor arranged in DC current path to block, the RF signal from the DC current in combination with the rest of the limitations of the base claim.

Claim 18 is allowed because the prior art of record, taken alone or in combination, fails to disclose or render obvious arranging a coplanar waveguide (CPW,) and a matching resistor in the sub-mount for transmitting the RF signal without distortion in combination with the rest of the limitations of the base claim. Claims 20-23 are allowed by virtue of dependency.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
